

**Dimension for the width : 79,5 mm**

**Profile width +35 mm +35mm =70 mm**

Please measure your skylight according to the instructions below.

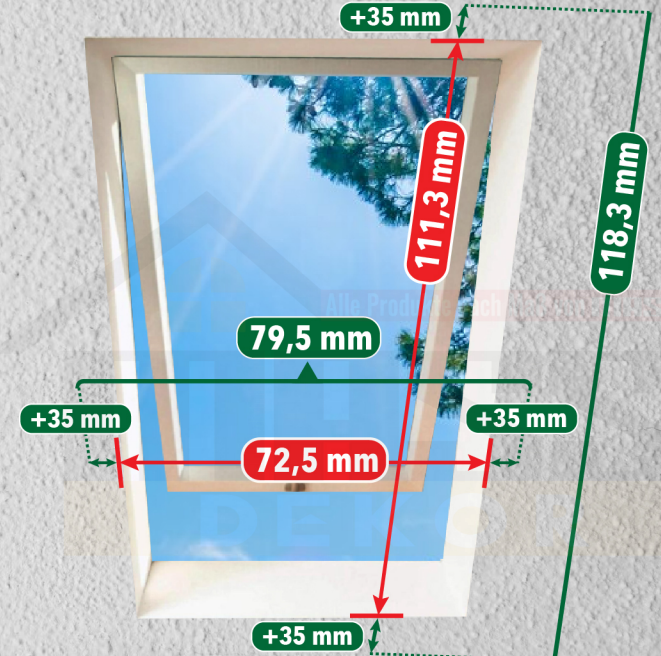

For the width: Take the internal dimensions of the roof frame and add the profile width on the right-hand side (35 mm). And on the left-hand side (35 mm).

**Measure for the height : 118,3 mm**

**Profile Width +35 mm +35mm =70 mm**

For the height, take the internal dimension of the roof frame and add the profile dimension for the top side (35 mm) for the underside (35 mm).

**Dimension for the width : 79,5 mm**

**Measure for the height : 118,3 mm**

You can place your order after the dimensions for width and height have been calculated as follows.
